About Me

I am from Lefkada. I'm undergraduate in IT at Ionio University since 2016.

Experience

Runner

Koutouki-Restaurant

2014-2015

At my first year in this restaurant I worked as a Runner.

Skills Required: Quick and efficient Working

Server/Host

Koutouki-Restaurant

2015-2020

After one year as Runner. The boss conceded that my communication skills with customers and my attitude was professional. So he hired me as Server/Host to take care our customers and give them the best experience. Without order or bill delays and ofcourse I was there to solve any problem.

Skills Required: Excellent memory, Ability to work under pressure

Assistant Manager

Koutouki-Restaurant

2021-Present

Since April 2021 I hired as Assistant Manager. As Assistant Manager I worked with the General Manager to hire more effi_____ employees and fire the less productive to have a good team for the last Summer season. We created a more effinced marketing plan too. I take care of the paperwork and I'm responsible to order some of the products and supplies the restaurant needs.

Skills Required: Problem-solving skills, Excellent organization skills

Projects

Arduino Star-Tracker

I have create a DIY Star-Tracker for Astrophotografy. Used a wooden hand-made structure and an Arduino Uno with a stepper to simulate earth's movement.

Voice Changer

I'm creating a Voice Changer program using Octave.
